Antioch Wins District By Beating Grayslake, To Play In Regional

Must Play Grant, Wauconda Yet This Week Before Tournament

Antioch will play in the regional baseball tournament at North Chicago next Tuesday as the result of her 12 to 2 victory last evening over the Grayslake Rams in the final game of the district tournament.

It is the first time that Antioch has ever won a district championship, most of the time not even having entered the tournament.

The Sequoits will have as their opponent at North Chicago the winner of the Glenbrook district.

Coach Larry Leon, without much depth in his pitching staff, has a rugged few days ahead of the regional tournament. Today his team is playing Grant at Ingleside, and tomorrow it will play Wauconda at Wauconda. He will start Labrose in both games.

The Sequoits want to win these games for it will then make them eligible to tie for the conference championship if they again can beat Warren, the present leader.

Coach Leon is having to rely heavily on his pitching ace, Labrose. He used Labrose only four innings Tuesday and four innings yesterday, sending Zalatoris in for relief both days.

The game with Grayslake yesterday only went four and a half innings because of the 10-run margin (Continued on page eight)

Mayor Not to Appoint Successor to Garland On Board of Trustees

Mayor Murrill Cunningham said that he will not at this time suggest the appointment of a successor to Trustee George F. Garland.

"If the board wants to appoint a trustee to take Garland's place it may, but out of respect for George I don't want to do it now," he said.

Trustee Garland had a year yet to serve in his term.

The funeral Saturday at the Strang home was largely attended.

Serving as pall bearers were Mr. Garland's close associates on the fire department, Clarence Shultz, Louis Van Patten, Elmer Hunter, Verne Barnstable, Laurel Van Patten, and Chief Edgar Simonsen. Seventeen other firemen served as an honorary escort.

A Legion American flag draped the casket, and the Masonic apron was worn. Officiating at the service was the Rev. Edmond Hood of St. Ignatius' Episcopal church.

District Play Starts At Salem on Saturday

The district baseball tournament of the W. I. A. A. will get under way at Salem High Saturday.

Five schools participating are Waterford, Union Grove, Racine County Aggies, South Milwaukee and Salem Central.

Waterford will play Union Grove in the first game at 5:30 p. m. and Salem Central will play Racine County Aggies at 8 p. m.

On Monday, the winner of the first game will play South Milwaukee, and the winner of that game will play the winner of the Salem-Racine game at 8 p. m. Wednesday, May 21.

Bishop Street to Attend Service at St. Ignatius

On Sunday, May 25 at 4 p. m. the Rt. Rev. Charles Larabee Street, S. T. D., Bishop Suffragan of the Diocese of Chicago, will be present at the parish church of St. Ignatius of Antioch to administer the Sacrament of Confirmation to a class of three children and eleven adults.

Immediately following the service a pot-luck dinner will be served in the parish hall by the Auxiliary of the parish to honor the confirmands, and to provide an opportunity for the members of the parish to know Bishop Street better.

Visit Antioch Masonic Lodge
Nearly 40 members of Forest Park Lodge 1054, Ancient Free and Accepted Masons, came to Antioch Tuesday night and attended Sequoit Lodge A. F. & A. M. in honor of and surprise to the Rev. Wallace Anderson, pastor of the Antioch Methodist church, formerly of Forest Park, who attended the meeting. First degree work was given.

Clean-Up Week May 20 - 21 - 22

Village trucks will be picking up those old odds and ends you'd like to get rid of next week.

All day Tuesday, and Wednesday until noon the trucks will collect trash north of the grade school.

Wednesday afternoon and Thursday until 4 p. m. they will be working south of the grade school.

For faster and easier pick-up, refuse on the street should be put on the curb—trash in the alleys put in piles or containers.

Let's make our town a cleaner place to live in by taking advantage of this free service.

Simon P. Simonsen, 75, Fifty-Four Year Resident Of Antioch Passes Away

Simon P. Simonsen, 75, 434 Orchard street, died this morning (Thursday) at Victory Memorial hospital, following a stroke of apoplexy, which he suffered early Sunday morning at his home.

Mr. Simonsen was born August 27, 1882 in Copenhagen, Denmark. He came to the United States in 1904, settling in Antioch, where he resided the rest of his life. He was a farmer, worked as village marshal from 1924 to 1934, and for several years he worked for Fansteel Metallurgical Company at Waukegan, retiring ten years ago.

He was united in marriage with Miss Maren Petersen, October 3, 1908.

Survivors are his wife, Maren, three daughters, Anna Anterberg, Helen Celing and Mabel Dunning, all of Chicago, two sons, Edgar S., Antioch, and Walter P. Waukegan.

Funeral services will be held at 1 p. m. Saturday at the Strang Funeral home. Interment will be in Ridgewood cemetery, DesPlaines.

Friends may call at the funeral home after 2 p. m. Friday. In lieu of flowers, contributions may be made to the Antioch Rescue Squad.

Salem Wins Braveland Baseball Champ'ship, Sights for District

Salem Central High School won the Braveland Conference baseball championship by defeating Menomonee Falls at Central Tuesday, 1 to 0.

The Falcons last week paved the way for the honor by defeating another runnerup, Cedarburg, 6 to 1.

These games left Salem Central with six victories and no defeats in conference play and Cedarburg and Menomonee Falls tied for second with five victories and one defeat, both at the hands of the champions. With this record, Salem Central now bows out of the Conference and joins the Southeastern Wisconsin Conference.

Lefty Ron Nelson gave another sparkling performance for the Falcons in the game at Cedarburg last Friday, allowing but five hits. He completed 21 innings and allowed only one earned run during that time.

Dick Skora, the Falcon big right-hander, turned in as equally a brilliant performance Tuesday against Menomonee, whom he allowed but three hits. Skora threw but 70 pitches which is close to the high school record.

Salem was held to four hits by the Menomonee pitcher. The Falcons made three of these count, however, in producing their only run in the fifth inning. Ellis and Webster singled, and Erickson walked, filling the bases. Westhans drove in deep short and Ellis scored.

The Falcons' hopes are high for a victory in the district tournament which will start Saturday night.

Plans Made for Traditional Memorial Day Parade and Service at Village Park May 30

The Veterans of Foreign Wars and the American Legion will conduct their traditional Memorial Day Services May 30.

A parade is scheduled for 11 a. m. with the marchers assembling at 10:30 at the Antioch High School. Cmdr. Fred Gras of the V. F. W. will be parade master.

Headed by the colorguard and the police escort, the parade will move up Main street to Orchard where it will turn west to the memorial plaque.

Participating in the parade will be

Many Candidates for Republican Selection For Probate Judge

Gov. Stratton Will Not Name Interim Successor To Judge Jack

Republican precinct committee men will meet in June to select a successor to the late Charles E. Jack as a candidate for probate judge on the Republican ticket.

Judge Jack died unexpectedly recently after having served as probate judge for many years. He was renominated in the recent primary, without opposition.

Governor William G. Stratton said he would not appoint an interim candidate because it would give that candidate an unfair advantage over other candidates. City Judge L. Eric Carey, Zion, has been called by Probate Clerk Allen J. Nelson to sit as judge until the convention meets.

Atty. Willis Overholser of Libertyville has announced his candidacy for the Republican nomination to succeed Judge Jack.

Overholser said the recent unexpected death of Judge Jack who was unopposed for re-election in the recent primary, and the urging of his friends, both in and out of politics, prompted his decision to try for office again.

On former occasions Overholser sought the probate judge and circuit court judge offices.

Through the years, probate work has been a major part of Overholser's practice.

Other candidates who have announced their desire for the office are Judge L. E. Carey of Zion, Atty. Ray Thomas of Waukegan, Atty. Harold Tallett of Lake Forest; Frank M. (Pat) Daly, Waukegan; Gordon Humphrey, Highland Park; Bernard Juron, Round Lake; and Allen I. Wolff, Highland Park.

Tickets For Firemen's Dance Already on Sale

The Antioch fire department members Tuesday evening received tickets which they are to sell for their dance on June 28. Tickets will be sent to other salesmen later.

King Jars orchestra will play for the dance under courtesy of the North Shore Resort.

Awards this year are hi-fi, power mower, and outdoor grill.

Final plans were made by the department for the convention which will be held here one week from Saturday.

the high school and grade school bands, the Antioch firemen and rescue squad, village officials, service organization officials and members, Boy Scouts, Girl Scouts, Cub Scouts and Brownies. In a place of honor will be the Gold Star mothers.

Members of the Chamber of Commerce and the Lions Club have been invited to participate.

Those in charge of the celebration say that the speaker will be announced later.

Legion and Auxiliary To Sell Poppies in Antioch on Saturday

Poppy Day will be observed here Saturday, Mrs. Zella Larson, Poppy Chairman of Antioch Unit No. 748 of the American Legion Auxiliary, has announced.

Practically all American Legion Auxiliary members who are able to serve, have volunteered. They are hoping for help of other young women's and girls' organizations, as has been generously given in past years.

Those wishing to volunteer their services for Poppy Day may contact Mrs. Larson, Poppy chairman, at Antioch 1157.

Memorial poppies which will be worn here in Antioch in honor of America's war dead, have been made by disabled veterans of 3 wars, the 2 World Wars and the Korean Conflict. The poppies are made of red cloth and paper wrapped stems in replica of the wild flowers that bloomed "between the crosses, row on row" in Flanders Fields. Mrs. Larson continued.

This occupation is instrumental in bringing back health and pride to the disabled veteran. It provides an enjoyable experience during their long hours of confinement and they are able to earn money once more for themselves and their families.

The contributions received on Poppy Day will be used entirely to support the American Legion and the American Legion Auxiliary activities for the disabled veterans and needy children of veterans, explained Mrs. Nancy Zitzkus, president of Antioch Unit No. 748.

The new organization operating under the name of Antioch Lake Region Association met again last Wednesday, May 7, and discussed the possibility of directional signs on the new toll road.

Committees were formed and members appointed to look into the placing of signs on the road. Other committees were designated to provide a map of the whole Antioch lake region, and the ground work laid for a fishing contest in 1959.

The area to be covered by the organization is from Rte. 41 west to Rte. 12 and from the state line south to Grand Avenue. All business people in this area are invited to join with yearly dues set at \$5 per business. Members may be enrolled at the State Bank of Antioch.

The sole purpose of the organization is to bring new business to this area, to tell people of the advantages of the area and to sell new prospects on the surrounding community, Joseph Patrovsky, Jr., committee man said.

Antioch V.F.W. to Sell Poppies on May 24

The Veterans of Foreign Wars will sell poppies on the Antioch streets on Saturday, May 24.

The local post has voted to have a social meeting every third Monday of the month.

It also decided to have the Waukegan ritual team put on the ritual some time in June for the post.

A rummage sale is planned for June 21.

County to Construct New Court Building, And New County Home

Crowded Conditions Delay Tax Collection, Embarrass School Finances

A movement is under way to build a new court house to replace the one which is so crowded that the treasurer will not be able to collect and distribute taxes until next October.

Granting that the proposed new building will ease the situation, there is little consolation for Antioch Township as well as other schools of Lake county, most of whom because of the delay will have to issue anticipation warrants costing at least 3 per cent interest to meet payments.

"Expenditures for Antioch Township High school run about \$20,000 a month, and on this basis the board will have to issue about \$80,000 in anticipation warrants should the tax income not be received until October," Principal A. L. Dittman estimated.

The same embarrassing situation will be true for the grade schools of the district.

In previous years when the townships did their own collection, delays were taken care of by the collectors who paid the schools the money as fast as it came in.

The county treasurer said that the space is so limited that the work of getting out the tax notices is hindered greatly. A new building to replace the present 83-year-old structure will relieve the situation.

Frank Peers of Deerfield, chairman of the advisory committee of the County Board of Supervisors said that a new court house and a new county home will be started yet this year. He said the best plan was for a \$5 million bond issue, but if it failed, the new court house will be built around the present building in sections yearly until completed.

Oakwood Knolls Youth Injured in Car Crash

William Ladewig, 19, Oakwood Knolls, Antioch, suffered a possible skull fracture and a cut face in an accident early yesterday at Lake Zurich and Cuba roads northeast of Barrington.

The driver of the car, Garner F. Baker, 20, of 940 Country Club road, was charged with drunken driving and drinking as a minor in his appearance before Justice of the Peace Emil Lindvahl, Waukegan.

Sheriff's deputies Roman Lensen, and Fred Zeason said Baker's car was headed east on Cuba road when it dropped off the side of the road, hit a four-foot embankment, veered across the road and rammed into a tree. They said the boys were intoxicated. Ladewig is in St. Therese hospital.

The officers said the car contained a case of imported beer, two six-pack cartons of domestic beer, and four open bottles of beer.

A third person was reported to have been with the two youths, but they couldn't recall where they dropped him off.

In other action state troopers arrested Willi Puttin of rural Lake Villa for drunken driving.

Antioch Men's Softball League To Play Twin Bill Sunday Afternoon

Four teams of the newly formed Antioch Men's 16" Softball League will participate in practice games Sunday at 1:30 p. m. at the Lake Villa Softball diamond. Everyone is welcome.

The first game will pit the Lakes Company team of Antioch against the Lake Villa F.W. Immediately following this contest the Carlucci Hit and Runs will play the Lindenhurst Men's Club.

The softball league games will begin early in June.

What a Million Dollars Does

There is a vast amount of discussion over dark spots in the economic picture, particularly in the matter of unemployment. But there are bright spots too, and we'd be foolish to overlook them.

The American merchant marine's current vessel replacement program is one. It has been described by Alex Purdon of the Committee of American Steamship Lines. In recent months contracts have been signed for 15 new freighters at a cost of \$150 million, and these are being built on all three coasts. Mr. Purdon drew this vivid picture of what such a program means: "It is still hard to realize what a million dollars does . . . but a million dollars spent on ship construction results in 140 man-years of labor; 70 men-years of labor are in the shipyard itself and 70 are in the associated contractors and suppliers spread across most of the 48 states.

"Let's look at it another way. . . . A shipyard with a payroll of a million dollars a week does something like this to the local economy: On an annual basis, \$15 million of the shipyard's payroll would be spent on food; \$5 million on clothing; \$5½ million on rent or mortgage payments; \$1.8 million on utilities; \$4.3 million on automobiles, gas, tires and the like; \$1 million on appliances; about a million on services—barber, beauty shop and the like; almost \$2 million on furnishings and the balance in miscellaneous ways including savings, education and investments."

In the next 10 to 15 years the ship replacement program is expected to cost about \$3 billion—which is three thousand of those millions Mr. Purdon describes! The salutary effect of this on the national bloodstream is almost beyond comprehension.

Too Soon for an Obituary

Newspapers have a reference room called the "morgue" where they keep clippings and obituaries of people famous or infamous. When a prominent man dies, they haul out his obituary and print it.

Somebody did that with Mark Twain once before

he died and he made a classic reply. He said: "Reports of my death are exaggerated."

Ever since 1955, when the Salk vaccine was officially approved and licensed for use by the U. S. Government, people have been writing obituaries of paralytic polio. Polio, they say, is finished. But like Mark Twain, such polio authorities as the National Foundation for Infantile Paralysis answer: "Reports of polio's end are exaggerated."

True, 65 million Americans have had one or more shots of Salk vaccine. But only 35 million have had the three shots prescribed for full protection, and 46 million have had no shots at all.

True, the number of polio cases dropped way down last year. But 1957 may have been a year of light polio attack. With three out of seven susceptible people still unvaccinated, there is no guarantee that polio epidemics may not break out again next summer.

The age groups that need vaccination most are preschool children, teen-agers and parents of young children. But there is plenty of vaccine available now for everybody, regardless of age. It's the cheapest insurance on the market.

What's Wrecking the Railroads?

All the news media gave an unusual amount of coverage to the recent inquiry into the railroad problem, made by a House subcommittee. It is almost universally acknowledged that the railroads' deteriorating economic position is a direct and immediate threat to this country's material well-being and military security.

The St. Louis Globe-Democrat, as did other leading newspapers, ran a feature series entitled "What's Wrecking the Railroads?" Thereafter its publisher addressed an open letter to President Eisenhower pointing out that railroad employment has dropped to half of the 1928-30 average; that many railroads are now operating with heavy deficits; and that as many as 33 railroads could be plunged into bankruptcy in 1958 unless effective action is taken." He added that "... everyone would be affected by the impending rail calamity."

Then he said that two major reasons are responsible for the crisis: "1. Restrictive governmental legislation which fails to recognize that railroads no longer have a monopoly on the movement of people and goods. 2. Unconscionable 'featherbedding' practices by the operating unions which likewise have completely failed to keep pace with changing times and technological progress."

This publisher also appealed to the President "to assume active leadership in saving an industry whose earnings and whose usefulness to the nation are of equal necessity in peace and in war". We can all join in that appeal.

Many people think of their automobile's needs as gas, oil and water and let it go at that. At JOE & DON'S TEXACO SERVICE, 970 Main St., Antioch have noticed drivers buy new cars . . . pamper them for three months or so and then completely neglect them. Actually, as a car gets older it should be treated with more care, but the reverse of this practice costs car owners many extra dollars.

Here at JOE & DON'S TEXACO SERVICE, 970 Main St., Antioch we see and experience many things along the auto service line, and from now on each week we're going to write about them in this newspaper. We hope that you will enjoy these articles and possibly be of some advantage to you for better motoring pleasure. Commissions In Air Force Available To Women 21 to 39 Years

"The Air Force has recently greatly increased the opportunity for young women to become Air Force Officers," T/Sgt. John Ryberg, local Air Force Recruiter-Salesman announced today.

The Air Force is not only making available a number of direct commissions, the first since 1954, but is also increasing the openings in Officer Candidate School.

Applicants for direct commissions must be between the ages of 21 and 39 and must possess a baccalaureate degree from an accredited college.

To be qualified for Officer Candidate School, commonly referred to as OCS, a young woman must be between the ages of 20 1/2 and 26 1/2 and must have successfully completed two years at an accredited college.

In addition applicants for either program must be a U. S. citizen in sound physical health, and must pass an Air Force officer selection test. They must also have high moral and personal qualifications as determined by written references and personal interview.

The Air Force woman officer, known as the WAF, has the opportunity for duty at Air Force bases throughout the United States, Europe, the Far East, Hawaii and Alaska.

Young women interested in obtaining more information on this challenging and vitally important opportunity are urged to contact Sgt. Nyberg. He is located at 325 Washington St., Waukegan, Ill. Phone MA 3-8290.

A leading steel company has prepared a 17,000-square foot repository for its vital records in the depths of a former coal mine, where it is hoped the records will be safe in event of atomic attack.

Judy Swenson to Be E. S. O. Hostess on Armed Forces Day

Great Lakes, Ill. — What would you look like on television? That is one of the questions which can be answered when you attend the Armed Forces Day Open House May 17, at the Electronics Supply Office, Great Lakes.

Miss Judy Swenson of rural Antioch, a property and supply clerk in the stock control division, Electronics Supply Office; saw a preview of her own TV appearance when she tested the monitoroscope which will be available for ESO's Armed Forces Day guests. A candidate for the title of "Queen" of ESO, Miss Swenson, will be hostess at the Armed Forces Day Open House.

According to Miss Swenson, two of the most interesting exhibits at the Open House will be an animated scale model of the Army's Explorer satellite, and a duplicate model of the Navy's 3 1/4 pound, 6 1/4 inch Vanguard satellite, with a portion cut away for internal observation of its electronic components.

Films on Navy missions, electronic equipment and guided missiles will be shown continuously throughout the day in the ESO auditorium. Through these movies and exhibits, visitors will have an opportunity to view the historical progress of electronics and observe the importance of electronics in the Navy's advance to power.

In as much as Armed Forces Day represents the unified efforts of all military services, ESO's Open House has been organized to exemplify the inter-service cooperation of the Navy, Army, Air Force and Marine Corps.

The public is invited to attend the Open House, from 9 a. m. to 5 p. m. The Electronics Supply Office is located on the Northwest corner of Green Bay and Buckley Roads. Ample parking space is available at the rear of the building.

Davis Will Compete In State Track Meet Throwing the Discus

Charles Davis, Antioch High star discus thrower, qualified for the state finals in the district contest at Evanston and will go to Champaign Friday to compete for the state honor.

Davis registered his best throw of the season at the Evanston meet with a distance of 142 feet 5 inches, placing fourth.

Bill Dressel took third at the district meeting and missed going to the state finals by one second behind the winner, Hall of North Chicago.

Antioch was ninth among the 24 teams that entered the district meeting. It is the first time the Sequoits have placed in a district meet for six years and qualified for the state in eight years.

Take Second at Grant

Injuries, sickness and poor grades combined to cripple the Antioch track and field team to such an extent that it drew only a second Monday in the triangular meet with Grant and Warren at Ingleside. The score was Grant 58½, Antioch 45½, and Warren 44.

The prom picnic was especially hard on the Antioch players for at this event Milowski suffered a broken ankle and Magiera a pulled muscle. Prange suffered a sprained ankle while pole vaulting last week; Seisler was out of school because of sickness, and Green was disqualified on grades.

A strong wind reduced the time in the runs and dashes.

Antioch took three firsts with Denton winning the 100-yard dash and 220-dash, and Dressel winning the mile. Grant won eight firsts, with Usedom winning the 440-yard dash, the broad, and high jumps, although his teammate Rasmussen tied him in the high jump; Rasmussen winning the low and high hurdles; Ramsey winning the pole vault and Badger, the discus throw, the team the 880-relay.

For Warren, Gau won the shot put; Isgren won the 880-yard run; and the team the mile relay.

Evelyn Fitch, 40, Dies After Long Illness

Evelyn Fitch, 40, Woodbine Avenue, Channel Lake, Antioch, died Thursday, May 8, at an Elgin hospital, after three years of illness.

She was born September 19, 1917, in Chicago, living there until coming to Antioch two years ago. She was a member of the Antioch Methodist church. She worked in the accounting department of the Burdette Advertising Agency, in Chicago until becoming ill.

Survivors include an aunt, Mrs. Erna Fridell of Channel Lake, a sister, Mrs. Dorothy Richter, Maywood and her father, Fred Schoch of Williamsburg, Iowa.

Funeral services were held Monday at the Strang Funeral home. The Rev. Wallace Anderson of the Methodist church officiated. Interment was private.

Henry Philip Freiday, 76, Buried at Freeport, Ill.

Henry Phillip Freiday, 76, Felter's Subdivision, Lake Catherine died May 9, at Condell Memorial hospital, Libertyville. Mr. Freiday had made his home for the past 17 years in or near Antioch.

Survivors are his wife Hazel Pearl, two sons, Jack and Henry, Jr., a daughter, Carol Johnson and nine grandchildren.

Funeral services were held at the Walker Funeral home at Freeport, Illinois, Tuesday. Interment was in Freeport.

Antioch Acorns Meet

The Antioch Acorns held their monthly meeting Monday at the Scout House. They discussed plans for a bake sale in June. Games were directed by Susan Polley and Susan Lindblad. After the games refreshments were served.

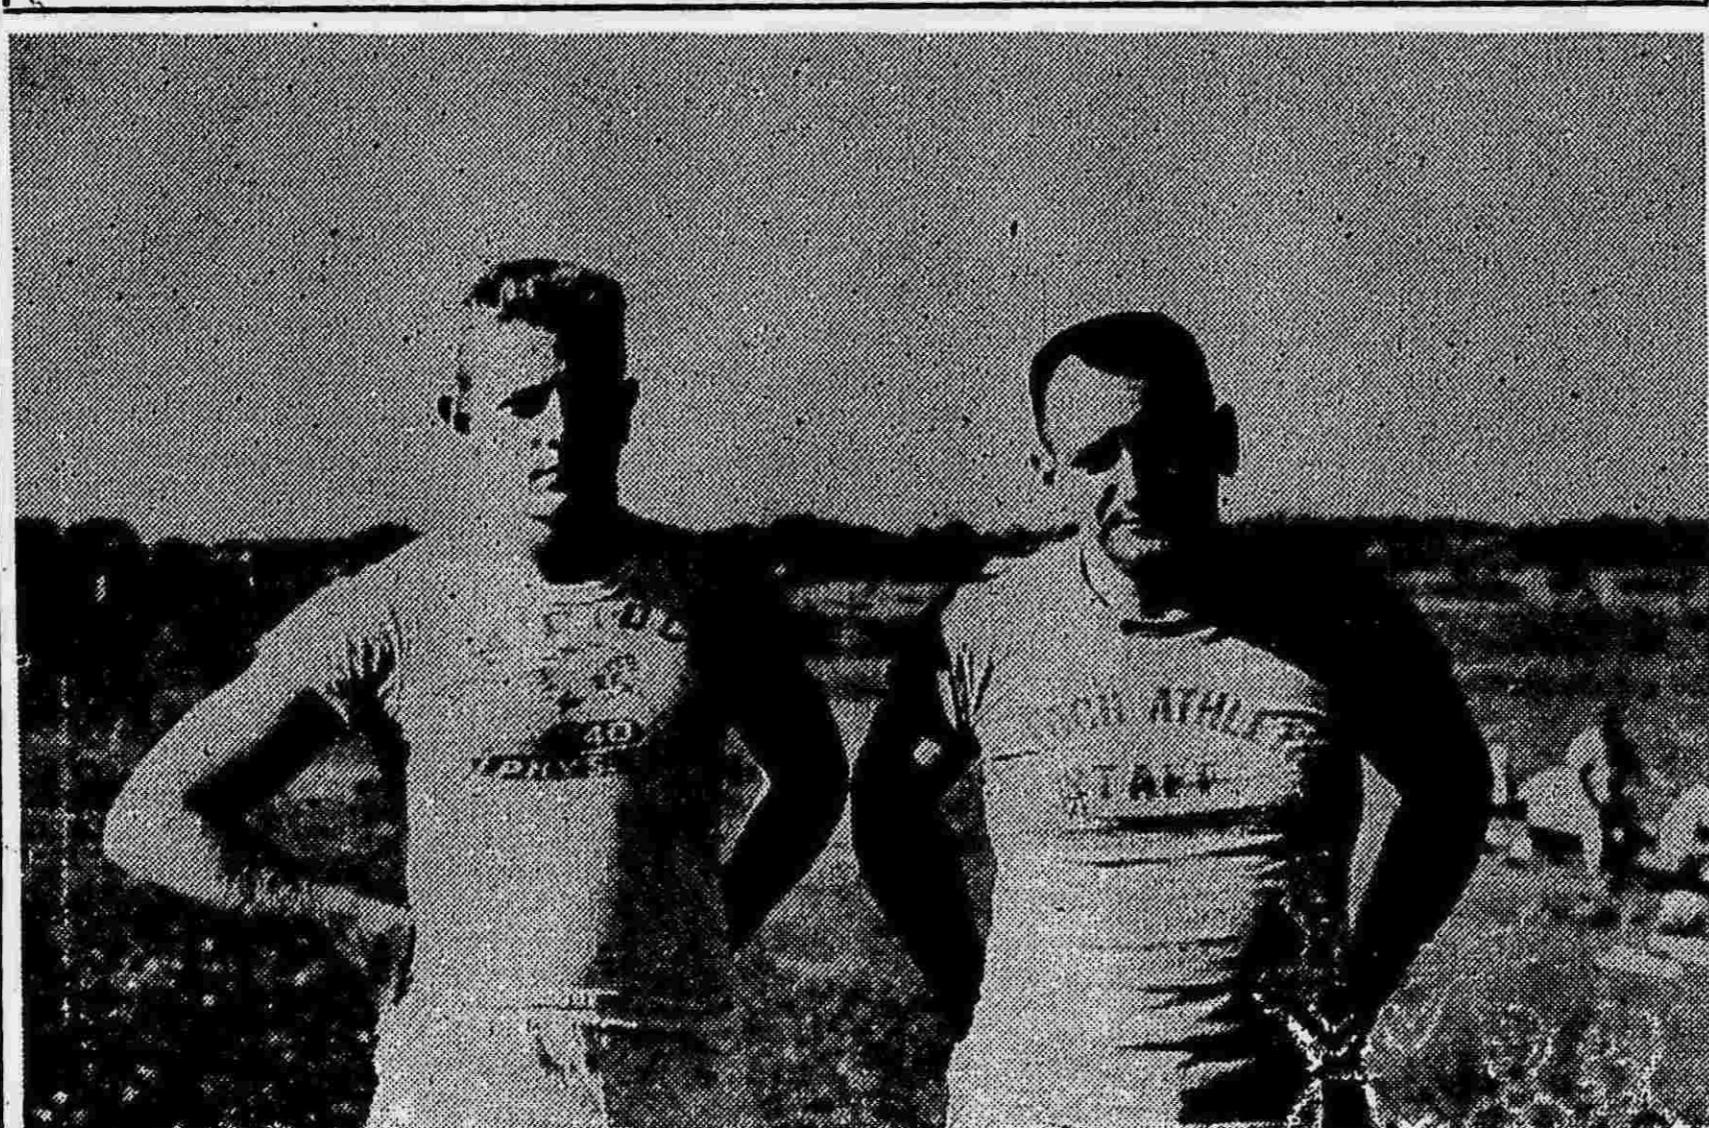

Trees Removed For Sidewalk Park Improvement

Large trees which had crowded the sidewalk on Main Street at the village park so that there wasn't room for a baby buggy to get through are being removed through a contract with the Walter Schneider Co., Lake Villa. A new sidewalk will be built, and the whole corner beautified by the removal of the parking area and the planting of grass, planting of flowers and installation of park benches. This scene shows the sawing of the logs after two of the trees had been cut down.

"That's Where I Sat," Dr. Adolph Berke Tells Son

"That's where I sat" — Dr. Adolph Berke, of Antioch, an alumnus of Chicago Medical School, (right) tells his son, James and his father, Max, at the Open House observances of the School on Friday, April 25 held in connection with National Medical Education Week. The week (April 20-26), proclaimed by President Eisenhower, was set aside to develop public understanding of the progress, aims and problems of medical education. It is sponsored by the Association of American Medical Colleges, the American Medical Assn. and its auxiliary organizations, and the National Fund for Medical Education.

As part of its observances, the Chicago Medical School set up a series of research exhibits and demonstrations, opened laboratories, and answered student's questions.

Dr. Berke was recently elected to the board of directors of the school.

Annual Stamp Exhibit At Waukegan Legion Hall This Weekend

Stamp collectors will have a field day Friday, Saturday and Sunday in their display at the American Legion Hall in Waukegan.

This annual stamp exhibition of the Lake County Philatelic Society is free to the public.

The 300-frame exhibition is augmented by displays of the Philatelic

Foundation of New York, the U. S. Post Office Department of Washington, D. C. and a display of philatelic personalities by Dr. Charles D. Sneller of Peoria, Ill.

There will be an exhibition post office station using a special cancellation, and the Lake County Philatelic Society is issuing a special cachet honoring the Wisconsin Federation and the club's 25th anniversary.

Orders for the cachets may be sent to Douglas Clarke, 118 Montesano, Waukegan.

Wilton Tells Lions Club of Many Firsts in History of Village of Antioch and Vicinity

A great many "firsts" regarding the Village of Antioch were revealed to the 58 members of the Lions Club and a few guests by Robert Wilton, electrical contractor, in his talk before them Monday evening at George Diamond's Steak House.

Wilton informed them that Antioch was incorporated April 26, 1892 and that Frank Pitman was the first president of the Village Board. Thomas Wilton was the first treasurer; William Emmons, the first clerk; Henry Billek, the first fire chief, and William Burke, the first marshal and constable.

One of the early stores was Williams Brothers, which was erected in 1871. The Wilton Opera House was built in 1874, and the Antioch Grade school in 1894. The Radke Barber shop building, then a drug store, the Smart Farm house, now a restaurant; and the Powles block on Lake street were other early buildings. All were constructed of brick from the Cashmore Brick yard at a cost of 2 cents a brick.

The post office for many years was in the Williams store.

Big Fire Here in 1903

A big disaster to Antioch was a fire in 1903 which destroyed buildings from the Henry Herman saloon (now Bussie's Tavern) south to the Keulman jewelry store.

The first automobile in Antioch was purchased by Susan Morley in 1905.

At an early date Sportsman's Race track was opposite the present Powles building.

Other notations by Wilton were:

The Methodist church was built in 1901; the high school in 1915.

A Campbellite church stood in the present location of St. Ignatius' Church; St. Peter's Catholic church was on Victoria street, and the bell for it was given by Dr. Charles Venn.

An old grist mill probably was the first building in the area and it stood at Sequoit creek.

The first bank was started in the Powles building in 1894.

The first electric lights appeared in 1907 and were used by the firm of Cribb and Kellogg.

Water was supplied to a village fountain from a wooden box-pipe which extended from Waukesha, Wis., to the Chicago Fair grounds at Jackson Park in 1893. This pipe ran down Main street and was dug up while the street was being built.

The station for the Wisconsin Central Railroad (Soo Line) was on the east side of the track in the early days.

Summer resorts included Queen of the West, Johnson's Resort, Dressel's Hotel, Herman's Resort, and Wurzenn Zapp.

Five Ice Houses

There were five ice houses in the area.

A later show place was the Antioch Palace built in 1930 by Dick Macek. It later burned.

Wilton told about the ball teams on which he played and the fact that some of the members were famous

professionals.

He had a lot of old photographs which he passed around for the members to view.

Group Provides Music

Added to the entertainment was the singing of old time songs by a group comprising Don Francisco, Jr., Dr. James Kopriva, Clarence Olson, Charles Cernak, Elmer Baethke, Joe Patrovsky, Jr., and John Dupre, accompanied on the guitar by William Brook.

In the business session the club voted \$100 to the George F. Garland Memorial fund to be handled by the Antioch Fire Department, and to be used to aid needy children.

The next meeting on May 26 will include a movie "Dateline for Tomorrow."

Receives Award For Expert Work On Gasoline Engines

Mr. Edwin Slaughter has just completed one week of training at the Clinton, Machine Company Gasoline Engine Service School at Maquoketa, Iowa.

For his work at this school he received a special certificate of merit. Slaughter's training makes the Northwest Power Mower Co. especially equipped to handle the care and repair problems of all types of gasoline powered equipment.

At the Clinton Service School, Slaughter was trained by factory experts on all phases of gasoline engine maintenance. Special sessions were held on trouble-shooting, also taking engines apart and putting them back together. New owner instruction was emphasized—how to instruct new owners so they'll take better care of their gasoline engines. When you need service on your gasoline powered equipment, come to the company that has factory trained mechanics.

Production of bituminous coal for their own use by the four leading steel companies in 1956 was nearly 42.5 million tons, or almost nine per cent of the year's total output of 500 million tons by all producers.

Petite & Grass Lk. News

Mrs. Earl Beese—Antioch 532-W1
Mrs. Walter Johnson—Antioch 405-M1
Correspondents

Prom night has come and gone, but the memory of a wonderful evening will linger on for many young people in the Grass Lake area.

Some of those who dressed in ballerina gowns, summer tux's and such finery, and danced the night away with their dates were: Judy Maleck, Queen of the Prom, and her escort Leroy Gallagher; Bill Hart and Karen Tasker; Gordon Volling and Kathleen Burke; Bob Burda and Barbara Alshouse; Fred Fabray and Pat Jesse; Ralph Anderson and Annabelle Hribar; Ronnie Abendroth and Pat Byrnes; Elvin Meyers and Gwen Royer; Lonnie Christensen and Mary Forbrich; Ray Teml and Sandy Mair; Bill Schwan and Mary Lou Geist; Jim Bletch and Rose Northern; Dave Smith and Lois Wohlfell.

Following the Prom, which was held in the Antioch High School gym, many of the couples went to such glamorous spots as Leo's Venetian Village and others in and around Chicago. "Never Say Die" being the motto of the young, they spent Sunday on a picnic after catching forty winks.

Not to be outdone by the high school crowd, the teen set, graduating from Grass Lake School soon, held their own party. This was a horseback riding party for one hour on Saturday afternoon at the Ridgeview Stables. Sponsors in charge of the group were Mrs. George Horn and Robert Hart. Those of the graduating class who attended were: Chuck Holmes, Bill Gahalick, Jerry Matthews, Bob Hart, Jr., Mike Horn, Jackie Nelson, Diane Martin, Janet Rozek and Pat Layton. After their ride they returned to Mrs. Horn's home where they enjoyed a barbecue. The children said the highlight of the party was that someone's sweater mysteriously got up to the top of the Horns' flagpole, where it still remains.

Mrs. Francis (Helen) Burke, committeewoman for Grass Lake Precinct 4 is in Washington, D. C. She and four other Lake County Republican women are the guests for five days of Representative Marguerite Stitt Church, of the 13th Congressional District. The purpose of this trip is for these women to further acquaint themselves with the organization of the United States government, and to get a close first hand view of the mechanics of how it is run. They will bring back much information of interest to their communities.

Mrs. Gust Bergren of Resthaven subdivision is recuperating at home after an emergency operation last week in the Condell Memorial Hospital, Libertyville. Reports say she is doing fine.

Brownie Troop 11 of Grass Lake entertained their parents on Tuesday evening with a program which included dancing and other activities of the Troop. Leaders and assistants who are doing a fine job with this group of girls are: Mrs. Barbara Mitchell, Mrs. Marie Nemec, Mrs. Charlotte Queen, Mrs. Jean Mueller, and Mrs. Ben Horn.

Girl Scout Troop 6 held a Court of Awards at which their parents were present for the showing of a movie. The leader of Troop 6 is Mrs. Belle Hribar.

Some recent birthdays among the small fry of the neighborhood were: George Pierce, of Indian Point, who celebrated his 10th year on April 30; Nancy Queen, also of Indian Point, who was 9 on May 7; and Leslie Beese, Resthaven, who was 10 on May 14.

U. I. SUMMER SESSION DATES ARE ANNOUNCED

Three distinguished European scholars will be among 38 visiting lecturers on University of Illinois' 1958 Summer Sessions faculty, Dean Robert B. Browne has announced.

They are G. P. Wibberley, head, department of agricultural economics, Wye College, Kent, England; Mario Bandini, head, department of agricultural economics, University of Perugia, Italy, and R. O. C. Norman, fellow of Merton College, Oxford University, England.

The 1958 Summer Session will be held June 16-Aug. 9 at Urbana; June 20-Aug. 16 at the Chicago Undergraduate Division, Navy Pier, and two six-week terms, June 30-Aug. 9 and Aug. 11-Sept. 20, College of Pharmacy, Chicago.

More than 750 courses in 82 areas of study will be offered at Urbana during the Summer Session, Dean Browne said.

LOCAL GIRL NAMED TO QUEEN'S COURT

Miss Marilu Bushing, daughter of Mrs. Marie Bushing of Antioch, has been selected as a member of the Queen's Court for the Class Day exercises at Blackburn College in Carlinville on May 10. Each year at Blackburn outstanding freshman women students are invited to serve as attendants to the Queen on Class Day, one of the major social events of the year.

The Antioch News and Antioch Theatre invite Maurice E. Loven, Rte. 2, Box 68, Antioch, Ill., and one to attend Sunday, Monday or Tuesday day showing of "Teacher's Pet" at the Antioch Theatre.

At a birthday party for three in the home of Mr. and Mrs. Harris Field on Saturday, May 3rd, the guests were Mr. and Mrs. Dick Lloyd, Mr. and Mrs. Gus Mathias, Mr. and Mrs. Joel Schimff, and Mr. and Mrs. Dick Gorski. The three people honored were Jean and Dick Lloyd and Shirley Fields.

John Selzer was the guest of honor at a surprise party Saturday evening, May 10, given by Mrs. Selzer in honor of his birthday. The guests at the party were: Mr. and Mrs. Vincent Singer, Mr. and Mrs. Frank Simecek, Mr. and Mrs. Ray Caldwell of Lindenhurst; Mr. and Mrs. Alan Nelson of Sand Lake, Lake Villa, Allen Molitor and George Ashford of Skokie, and Miss Shirley Harris of Winnetka. The evening was spent playing cards, after which everyone enjoyed the refreshments.

Mr. and Mrs. William Bess of Fort Sheridan spent Saturday visiting in the home of Mr. and Mrs. Bud Barnes.

Mr. and Mrs. Paul Hunt and family spent Mother's Day in the home of her mother, Mrs. Hazel Bracke in Arlington Heights.

The Lindenhurst Board of Trustees has approved the application of six men to the Lindenhurst police department. The men were sworn in on May 2 by Ray Caldwell, police magistrate. The new policemen are: Charles Palawski, Ronald Coles, Robert McLellan, Dudley Mertes, Ted Flanagan, and Rick Von Vorous.

Mr. and Mrs. Joseph Shirk are receiving congratulations on the birth of their twin daughters born Monday, May 12. The girls tipped the scales at 3 pounds 15 ounces and 4 pounds 7½ ounces. They were born at Condell Memorial hospital with Dr. Calvin Midgley in attendance. No names had been selected at the time of this writing. So far as this correspondent can discover, this is the first pair of twins born to Lindenhurst residents.

Sunday visitors in the home of Mr. and Mrs. John Walsh were Mr. and Mrs. Tom Palma of Roselle. Mr. Palma is Mrs. Walsh's brother.

Several members of the Lindenhurst Garden club drove to the Hughes Tulip farm Monday afternoon, May 12, to view the magnificent display of tulips and other perennials. Many varieties and colors are blooming now and are simply breath taking, the girls report. Those making the trip were Mesdames Mary Lobrillo, Lois Flanagan, Bernice Frontzak, Lois Ringstheimer, Mary DeSylvestro, Marge Fabry, Helen Skelton and Mr. and Mrs. Alfred Sokolies.

Miss Hedy Barthel of Scotsdale, Arizona, Mr. and Mrs. Herman Barthel and Louise of Chicago and Mr. and Mrs. William LaChance and son were Mother's Day visitors in the home of Mr. and Mrs. Fred LaChance.

Mother's Day visitors in the Lowell Graves home were her mother and brothers, Mrs. Lawrence Sterling, Everett and Robert of Maywood.

Sunday visitors in the home of Mr. and Mrs. Ted Brendel were Mrs. Brendel's parents, Mr. and Mrs. Tim Healy, her sister, Miss Mary Healy, and her sister-in-law, Mrs. Jerome Healy of Antioch.

Sunday visitors in the Tony Romano home were Mr. and Mrs. John Tomasik and Mrs. Irene Gawronski, all of Chicago.

AMBASSADOR...Finest Product of American Motors...the Company that's Breaking All Sales Records

Buying A Small Car? Facts You Ought to Know

Sales of small economy cars are making a spectacular gain in the U. S. market, according to the editors of Changing Times. Americans will buy 300,000 of the foreign built midgets this year, and 75,000 American-built economy cars.

Whether this "Volkswagen mood" is a fad, or an actual revolt by the American car buyer is uncertain. Combined sales of all the economy cars still represent only some 3½ per cent of total U. S. car sales, and this demand is not yet great enough to push Detroit into the small car business on any substantial basis.

If you are planning to turn in your present big American car on a small economy car, there are some things you should be aware of.

You will probably have to sell your old car yourself. A large percentage of foreign car sales are "clean deals"—no trade-ins and for cash, so don't expect to be able to trade in your recent American make. You may be able to make a deal on your car if it is an older, less expensive model, but if the economy model you want has a waiting list, it won't be possible even here.

You will also find that the price of the small economy car is fairly well fixed with little room for the dealer to move about in when bar-

gaining with the buyer. Small autos do not generally have a price pack, which is the extra profit margin many dealers in American cars add on to the suggested retail price to give themselves more bargaining room.

The price of the economy car will often include several options such as radio, turn signals and heater, though some models carry lists of optional equipment as long as those that go with American makes.

Generally speaking, service and parts are readily available for the more popular foreign makes, although some imports as yet are confined to East and West Coast areas, with little sales penetration inland.

Finally, there won't be much chance of your import going out of date—next year, since stability of model design is one of the appealing features of European cars.

ruling which ends the game. Although the score was 12 to 2, there was only one earned run and that made by Antioch. The Sequoits stole bases at will and walks put them on base.

The only extra base hit was a triple by Pyles in the second inning. The score by innings:

Grayslake—2-0-0-0-0—2 3 7

Antioch—6-3-2-1-x—12 5 2

Batteries: Antioch—Labrose, Zalatoris (5th) and Jonas; Grayslake—King, Reimers (3) and Geraci.

Grayslake 7, McHenry 3

Grayslake beat McHenry in the first game of the tournament here Monday, 7 to 3. The summary:

Grayslake 2-0-1-0-0-4—7 5 3

McHenry 0-0-0-0-0-3—3 6 3

Batteries: Grayslake—Farms, Reimers (5th) and Geraci; McHenry—Claybough, Steinback (3rd) and Benson.

Antioch 12, Round Lake 2

The Antioch-Round Lake game was halted in the fifth when the Sequoits gained a 10-run lead over Round Lake which automatically stopped the game under high school rulings. Most of Antioch's runs were unearned, the Round Lake pitchers issuing 11 walks. Zalatoris relieved LaBroose in the fourth inning to have him for yesterday's game. The score by innings:

Round Lake 2-0-0-0-0—2 3 3

Antioch 4-3-0-5-12-6-2

Batteries: Round Lake, Hanson, Zavodny (first) and Olson; Antioch, LaBroose, Zalatoris (4th) and Jonas.

**Salem Library Club
Award Winners Feted**

Salem Central's Library club award winners were feted at a recognition banquet which was held at the Rustic Manor on last Thursday evening.

Special guests of honor in attendance were Principal and Mrs. A. H. Erickson and Assistant Principal and Mrs. Vernon G. Horne.

Marge Lichtenhard, president of the Library club, extended the welcome to the guests of honor on behalf of the members of the club.

Larry Schmidt gave the invocation.

Immediately following the dinner, the president of the Library club summarized the accomplishments of the organization during the past school year.

A. H. Erickson and Vernon G. Horne gave brief talks before this appreciative group of civic-minded student library assistants.

Miss Irene M. Bosman, Library club adviser, presented the awards after expressing sincere thanks and appreciation to the group for their loyal participation in the various activities of the club and for the faithful service which they have given to their school all throughout the year.

The club photographer took pictures and a movie of the group on this occasion.

Holbek's Name Omitted

The name of Captain Herman Holbek was unintentionally omitted from the list of officers of the Antioch Rescue Squad last week. He was re-elected captain.

Mr. and Mrs. Irving Elms and Mr. and Mrs. Fred May spent the week-end with Mr. and Mrs. Harry Bothe and family at Detroit, Mich.

By Dr. Frank G. Poudre, President, National Chiropractic Association

A Grim Fairy Tale Disproved

Arthritis isn't something which strikes old people and spares the young. It may be more prevalent among our older citizens but often occurs in young people. Because they have an impression it's an "old folk" ailment, they may make a self-diagnosis and be wrong.

Neglected joint injuries become arthritis; even a high school athlete can become a victim. When the pain subsides, the "trouble" is considered "healed," but, in general, any pain in knees, elbows, shoulders, wrists, fingers, or toes, or any "working part" of the body, which recurs, may be arthritis.

Arthritis is caused by a derangement of the assimilative and eliminative processes of the body. Research has not proved the causes, but it has been accepted that the cause is the inability of the body to use calcium properly. This occurs in many ways and has many terms such as: osteo-arthritis, degenerative arthritis, rheumatoid arthritis, chronic infectious arthritis, atrophic arthritis, and arthritis deformans.

Chiropractic knows that arthritis, being a disturbance of the bodily functions of both assimilation and elimination, requires their restoration if recovery is to be assured. Lulling the patient into a condition of drugged neglect can only aggravate matters. Chiropractic restores the nerve force of the body and thus starts the normalizing of the functions of nature. It's the CAUSE and not the EFFECTS of arthritis which must receive therapy.

Just because ice cream is frozen, that doesn't mean it's always fresh! (Yes, there is such a thing as "stale" ice cream. As it ages, tiny crystals of ice form and the smooth creamy texture disappears.) That's why Jewel gives Yummy ice cream the same fast, careful handling as milk.

Yummy is frozen in minutes instead of hours. This fast freezing gives you smoother ice cream—seals in all the fresh rich flavor. And because the secret of good ice cream is to keep its temperature below zero, special Jewel trucks... a frigid 20 degrees below zero inside... rush it directly from the freezer to your Jewel. There you'll find it bulk packed in new visible rectangular plastic containers (to save space in your freezer and ours) in velvety vanilla, rich-chocolate and pure fruit flavors.

Just think, you may win a gallon of this delicious ice cream just by playing Jewel Extra Value Line-Up. Remember, you're always the winner when you rely on Jewel Quality!

**The Antioch Aqua Center Presents
"Zimmer the Swimmer & Safety Sam"**

Just as there are basic rules for water safety, there are also basic rules for small craft safety. The young man pictured above has just violated one of these basic rules, that of not selecting good safe equipment for his outing afloat. It is extremely important that the small rowboat, outboard motor boat, canoe, sailboat or any cruiser be in safe, usable condition. Check carefully all of the equipment that you are using, making sure that there are no leaks, loose sideboards, or loose seats. Yes, it is important to have a usable small craft, but going further than that it is also necessary that you carry adequate safety equipment. Does your boat have an anchor with a suitable length of line attached to it? Are you carrying an extra pair of oars, or if you

are using an outboard motor did you bring along a pair of oars?

Do you have a suitable light that can be seen from all directions when you are afloat at night? If there is a bailing can in your boat? How about a life preserver? Are you making every non-swimmer that comes aboard your boat wear an adequate flotation device?

If you are not following these suggestions, take a few minutes to think about it; and the next time you go out on the water, make sure you have the equipment mentioned above.

These safeguards will protect your life, the lives of your family, friends and you may find cause to help someone else who is in trouble due to inadequate equipment.

Nancy Zitkus presiding. After a short business session the meeting was given over to the entertaining of the Unit Gold Star members. Five of the seven Gold Star members were present. They were Mrs. Nellié Hanko and Mrs. Myra Randal, gold star mothers, Mrs. Olive Tweed, Mrs. Evelyn Freund and Mrs. Eva Gaylord, gold star sisters. Mrs. L. S. Scott, a gold star mother, was unable to be present because of illness and Mrs. Torberg Nelson, gold star widow, was also unable to attend.

Mrs. Charlotte Reed, director of the Tenth District American Legion Auxiliary, was a guest and also Mrs. Harmon, district chaplain.

Each honored guest was given a gift and a corsage by the Unit. Mrs. Elsie Hays sang an opening prayer and also the song "Only a

Rose" as president Nancy Zitkus presented each gold star member with flowers. Mrs. Del Jahnke gave a humorous reading which was enjoyed immensely. A delicious lunch was served by Mrs. Addie Horton and committee.

Poppy Posters

Mrs. Zella Larson, poppy chairman of Antioch Unit has announced the winners of the poppy poster contest.

Posters were entered from Grass Lake School and St. Peter's school, Antioch. Judges of the posters were Elsie Hays, china painter, Jacqueline Horton, president of the Palette and Brush club and Deborah Van Patten, a past president of Antioch Unit. Names of winners will be published next week.

the Antioch Unit to attend Girl's State session at MacMurray college, Jacksonville, Ill. This year Antioch High school has chosen Elaine Christensen, a junior, to the honor of "Girl State."

Since the days of our forefathers, it has been the American way never to be content with things as they are. To push on to higher and better things; to build a better America has been the spirit which made possible our way of life today. The importance of Girls' State and Boys' State cannot be underestimated. These sessions at MacMurray each year inspire in our young people the need for learning and knowing more about our workings in the government so when their time arrives to take over the reins they will be more thoroughly educated in governmental procedure.

This year the session opens June 14, on the campus of MacMurray College, Jacksonville, Ill.

On Poppy Day

Our eyes are very much on the future in this spring 1958, looking with wonder to the amazing new world science is creating or with horror to the world destruction science has made possible. During the month of May the American Legion and Auxiliary will ask all Americans to turn eyes and their hearts to the past for a day to pay tribute to those who gave their lives to assure a free future for America. We ask every one to wear a poppy.

Wearing a poppy is a simple little thing to do, but a thing with great meaning. It means that we remember and honor the men who in past hours of danger protected our country with their young lives—that we believe their sacrifice to be a magnificent act never to be forgotten—that we hope America always will have men of their strength, courage and devotion to defend freedom should it again be threatened. Poppies! Bright red poppies!

They grow as wild flowers in France, in Flanders Field, but they will always bloom in the hearts of Americans in memory of those men and women who gave their lives in defense of America.

Yet, the poppies are not only the flowers of remembrance for the dead; they also are flowers of hope for return to normal living into the lives of the disabled veterans who make them out of crepe paper in replica of the wild European flowers. They help fill the rehabilitation and child welfare funds of the Auxiliary, so that work for the disabled veterans and for the needy children of veterans may be continued.

Juniors Receive Citation:

At the meeting, Mrs. Charlotte Reed, 10th district director, announced that Junior members of Antioch Unit will receive a citation for their excellent work in making favors and other articles for the hospital at Downey. Mrs. Hilma Lightsey is Junior Activities chairman of the Unit.

Next Regular Meeting

The Antioch Unit will hold its next regular meeting on Friday, May 23, at 8 p. m., at which time a nom-

inating committee will be appointed to submit a list of names for new officers for 1958-59.

Skin and "SCUBA" (self-contained underwater breathing apparatus) diving can be fun, but be sure of three things: that you're a good swimmer, that the underwater equipment you use is reliable, and that you learn how to use it.

Minority Report

Lesson for May 18, 1958

"SUCH popularity must be deserved." "Fifty million Frenchmen can't be wrong." "The voice of the people is the voice of God." They aren't necessarily so, such slogans as these. Popularity may be no more than the effect of clever but dishonest advertising. Fifty million Frenchmen, or Americans, or what have you, can be and sometimes have been as wrong as sin. The voice of the people can be the voice of the devil. To be sure, the majority may be right some of the time, even most of the time. But it is no infallible guide, and it's a wise man that knows when the minority report is the right one.

God's Examination Day

Indeed, the ability to detect the truth, even when it is in a minority report, has sometimes been God's way of sifting, of testing, his people. There is an interesting Old Testament story which tells of one of these examination days of God sets for men now and then. The people of Israel, set free from Egypt, had been in the wilderness a little over a year. They had been given the Law, they had what we would call an organized church, they had a military organization. All was set now for the actual march into Canaan, the promised land. Under God's inspiration, Moses takes precautions first. He sends twelve leading men in to "spy out the land," perhaps the first "intelligence" section of any army recorded in history. They stayed in Canaan for nearly six weeks, without any secrecy. (Passing as Egyptians they would attract no attention in the Canaan of that era.) They came back with one unanimous report: Canaan was a country well worth the conquest, and the conquest would not be easy. At that point the unanimity stopped. The tricky part of any report is the recommendations. The majority recommended: Don't attempt to enter Canaan. Too much fighting, certain defeat. A little minority of two, two against ten, recommended: We can do it by God's help, if we will; so let it be done! Choosing between those two reports, was God's examination for the whole people—and they failed. For they thought the majority report was right.

The Wisdom of Faith

A majority report nearly always sounds right, and this one did. It was a shrewd analysis of an obvious risky situation. But it was wrong. For the minority report brought in by Joshua and Caleb had a different kind of wisdom, the wisdom of faith. Now it takes faith to see the wisdom of faith; and that is why, to those without it, faith so often looks like sheer foolishness and even idiocy. It is a test of faith, to begin with, to see that a minority can ever be right. Left to our natural selves, we make wisdom a matter of arithmetic, right and wrong a matter of counting noses. We wait, before making up our minds, till we see which way the band wagon is headed, and then we jump aboard. True faith asks first, What is right? What does God say? and not What do people say? What does the biggest crowd think?

Counting God In

The wisdom of faith, now in our time as in the time of Joshua, has confidence enough in God always to count him in. Most Americans believe in God, so the polls say. But most Americans make plans, large or small, without any thought of God, precisely as if he did not exist. That majority report of the ten timid spies never mentioned God at all. Maybe they just forgot him entirely. Maybe they thought he had worn himself out getting the people out of Egypt. Anyway, their plans and recommendations had no room for him. The minority report, with the wisdom of faith, included five little words (in our English translation) that made all the difference: "The LORD is with us." The people could not believe that . . . and so they died without ever setting foot on Canaan's soil. It takes faith to count God in to your plans and your hopes. It takes faith to believe that what God wants done, can be done. The test of faith is not the sure thing, the project that can't miss. The test of faith is not the bright day but the dark one. Jesus himself once spoke of a time when men would faint with fear and foreboding of what is coming on the world. Then, he said, then, lift up your heads!

Boy Scouts of Troop No. 86 have a busy schedule ahead of them. This week-end, the troop is going on a camp out, and next week-end brings the big Camporee. The Camporee is for all the Scouts in the Northwest area. Scouting as well as Scouts are looking forward to this event.

Girl Scout Troop No. 83 had a special event at last Monday's meeting. It was a Bar-B-Q cookout. The girls enjoyed this meeting even more than usual. Audrey Rybacki, Betty Amendola, and Linda Wheeler are proud that they have passed from tenderfoot to second class Scouts.

A Brownie Troop has been organized in our community. At present, there are nine members, and we would welcome more girls, ages seven to nine, who care to join. The fee is \$1.00 to join, dues are 5¢ a week. Present troop leader is Mrs. Lois Ward; Asst. Troop leader is Mrs. L. Portalski. The troop number is 74. For further information call Mrs. Ward, Antioch 983-M.

Seventeen of our boys have joined the Little League baseball teams in Antioch.

The Community Club is sponsoring a dance for the teen agers. The dance will be held in the school basement May 24, from 8 to 11:30 p.m. The last dance was such a success that the Community Club has decided it will have one every month, if the attendance is good. Refreshments will be served.

Marty Stankus will leave our community soon for the navy. He has signed up for four years.

Mrs. E. H. Flint of Chicago is spending this week with her daughter, Mrs. Louis Portalski.

Mr. D'Ambrosia and his family are back in our community. Mr. D'Ambrosia's work took them to Missouri for a year.

There will be a meeting of the school board on Monday night at 7 o'clock in the school basement. This meeting is open to the public and parents and interested persons of this community are invited to attend.

Lead me in Thy truth, and teach me: for Thou art the God of my salvation; on Thee do I wait all the day.—(Psalm 25, 5.)

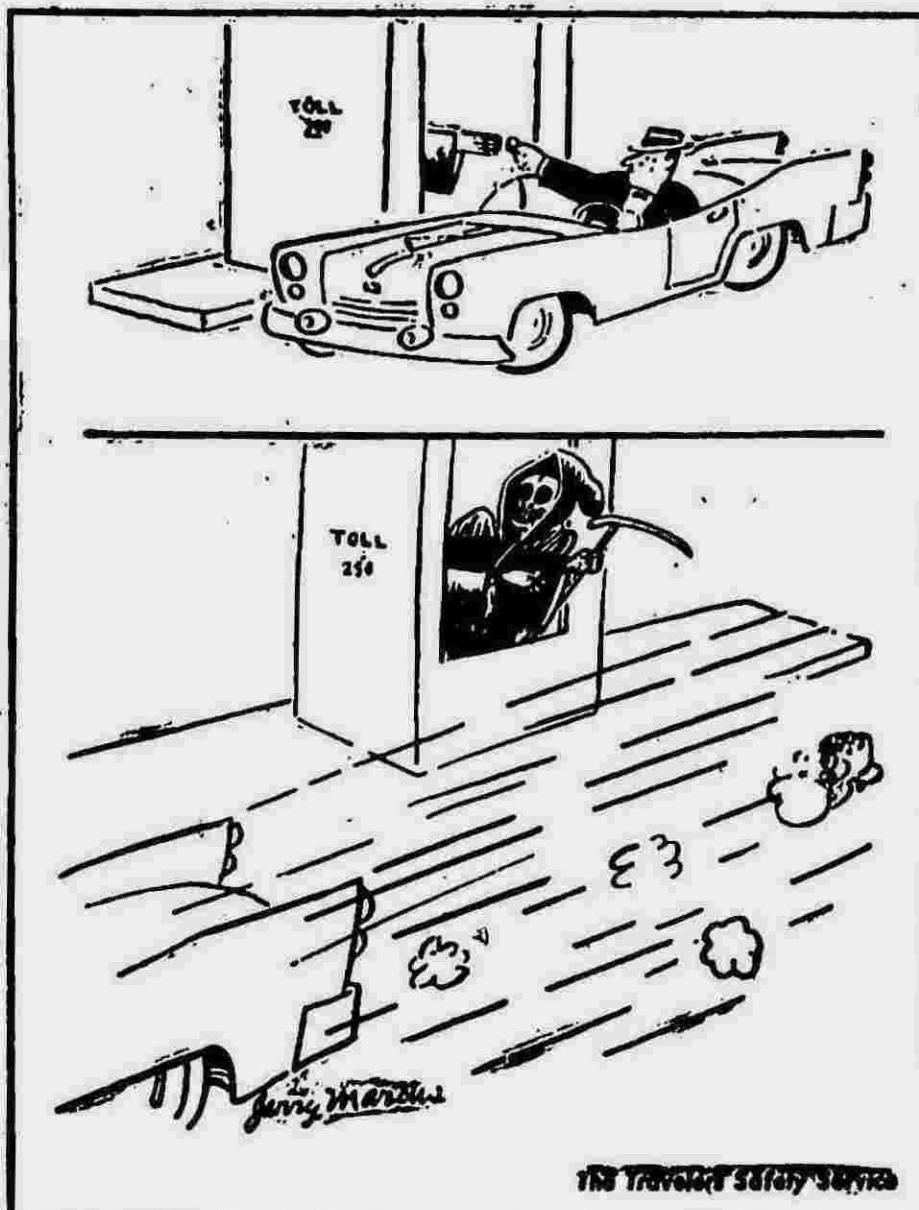

Our Heavenly Father is the source of all wisdom, as He is of all love and all good and all mercy. Why should not we, His children, gladly take all our problems to Him, seeking in prayer His guidance and, receiving it, obeying? For then we shall be wonderfully confident and strong.

Mrs. Lois Peterson of Chicago, spent last week visiting at the home of Mrs. Anton Johnson at Channel Lake.

Mr. and Mrs. George Grunow are vacationing in Florida.

THIS WEEK
—In Washington

With
Clinton Davidson

All of the evidence in Washington this week adds up to the conclusion that the big farm battle between Congress and Secretary of Agriculture Ezra Taft Benson is, for all practical purposes, over for this year.

Washington rates the battle as a draw. Both sides have shown themselves to be strong on defense and weak on offense. It is unlikely that there will be another major clash before Congress adjourns.

Obviously, neither Benson nor Congress is satisfied with the outcome of efforts to enact new farm legislation. Each, quite naturally, blames the other for the failure. There are bitter men in Congress, and Benson is unhappy.

Both the Farm Bloc and Benson began the battle with a sort of gentlemen's agreement on one thing: Unless substantial changes in present farm laws were made the 3-year farm depression would continue and deepen.

Then, in January, President Eisenhower sent Benson's blueprints for farm law revisions to Congress and urged prompt passage. Instead, Congress tossed them into the wastebasket without so much as a second reading.

Congress then set out to keep Benson from doing what it told him two years ago he could do if he wanted to—lower farm price supports to 75% of parity. It passed a price support freeze bill aimed at voiding reductions Benson had made, and which economists estimated would lower farm income by half a billion dollars this year.

President Eisenhower sent the bill back to the hill with a veto message that left no doubt about whose side he was on in the farm law battle. That was Benson's greatest hour of triumph.

The official record of the Cabinet meeting at which the veto was finally decided on may never be made public. But an off-the-record version is being accepted in Congress, as having some resemblance to the facts.

Vice President Richard Nixon, credited by some with being a behind-the-scenes leader of "dump Benson" forces, is said to have opened the Cabinet meeting with an appeal to the President to sign the price freeze bill.

The report goes on to relate that Mr. Eisenhower put the question to a sort of informal vote, and that a majority supported Mr. Nixon. A veto, it was argued, would be bad economics and worse politics.

The President is said to have indicated he might agree if Benson would withdraw his recommendation that the bill be vetoed. As Congress gets the story, Benson replied he could not tell the President what to do, but that if the bill were signed he would feel compelled to resign.

Mr. Eisenhower is reported to have replied to the effect that his mind was made up, he would veto, and to have added "Ezra, you are my Secretary of Agriculture for as long as I am President."

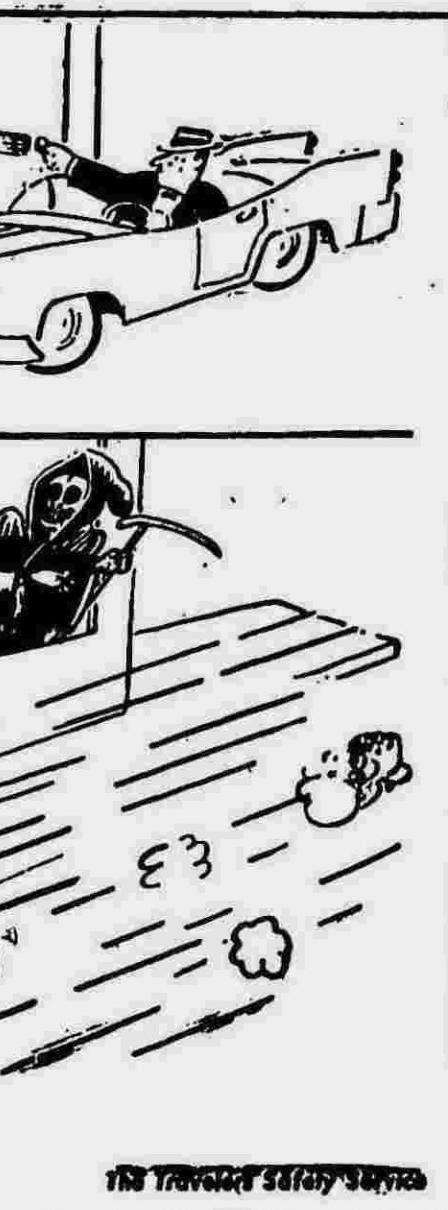

The story, whether or not accurate, has made a profound impression on many congressmen who formerly were among Benson's most severe critics. It convinced them that it probably is useless to pass a farm bill that does not have the prior approval of Secretary Benson.

And that is how and why the big farm battle fizzled out like a wet firecracker.

Mr. and Mrs. George Grunow are vacationing in Florida.

U of I MARKET BUY

Major market changes are in fresh produce line. Increasing volume from new shipping areas gives promise of lower vegetable prices. Heavy consumer demand for meat stabilizes prices, despite greater supplies of beef, lamb and pork on hand than at this time a year ago. Veal and frying chickens quote higher on short supplies. Most grocery lines are unchanged.

CHICAGO AREA FOOD VALUES

Meats Pork—lamb and Beef roasts—Capone. Produce Sweetcorn—Cucumbers—Tomatoes—Onions—Spinach—Acorn squash. Dairy Eggs—Butter—Ice cream.

TAX FACTS

On May 13 the average taxpayer across the United States can start to save, invest or spend his earnings. Up to that time practically everything he earned just about covered his tax bill—Federal, State and local for the year. May 13 becomes the first day of freedom for "Mr. Average Taxpayer," and the Taxpayers' Federation of Illinois joins California Taxpayers Association and the Florida Retailers Association, co-sponsors of the idea, in celebrating this Tax Freedom Holiday.

Getting down to statistics, the date of May 13 is arrived at in this manner: Estimated personal income of the people of the United States this year—\$115,000,000,000 to \$125,000,000,000. Estimated ratio of tax to estimated personal income—36 percent.

Thirty-six per cent of 365 day years is approximately 132 days. Then, the 133rd calendar day of 1958, the first day of freedom for the taxpayer, falls on May 13.

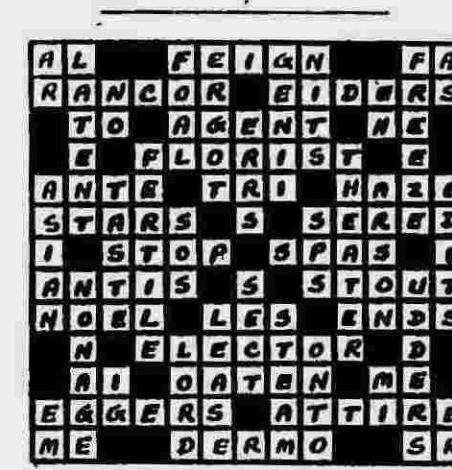

While dealing with statistics, it should be remembered that a billion dollars is equal to a little more than one day's earnings of all the people of the nation. Every billion government spends takes a little more than a day's work for all of the people to foot the tax bill.

Likewise, every billion that government saves means that one more day's earnings will be left in the pockets of the people—to spend, save, or invest. For example, if a billion were cut—spread all over the nation in small savings in government spending—National Tax Freedom Holiday could be a day earlier than May 13, 1959.

If the remaining Hoover report recommendations for Federal savings were put into effect, National Tax could be much earlier in 1959.

If the people who want lower taxes—if they want National Tax Freedom Holiday earlier in 1959—now is the time to get behind the drive for reductions in the Federal budget and to back economy drives in State and local communities. A good slogan to hang onto is "I'll take less from government if government will take less from me."

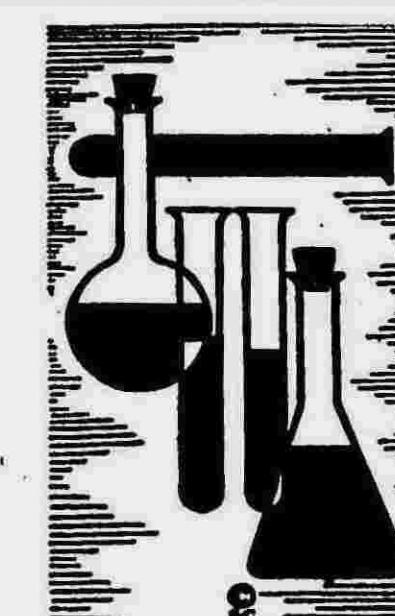

The Antioch News and Antioch Theatre invite James Fura, Box 155, Salem, Wis., and one to attend Sunday, Monday or Tuesday's showing of "Teacher's Pet" at the Antioch Theatre.

and generally higher priced. Quality considerations place modified-atmosphere storage supplies of MacIntosh and Delicious in a consumer value position. Pricewise, Winesaps would receive the nod. Bananas continue to be a relative value on the short supplied fresh fruit scene.

Retail meats continue to follow a value pattern set by roasts. Better cuts of steaks and chops generally quote higher.

Although the total meat supply is greater than at this time last year, a factor that promises to drop prices further, the market tone continues firm into this week.

Better light weight cattle and hogs are scarce at live markets.

Consumers will find some stores

showing concession prices in fancier cuts, but generally speaking the values are in roasts—pork rib, beef chuck and lamb legs in that order. Pork rib computes at 20c per standard serving, beef chuck at 22c and lamb legs at 23c, based on this week's consensus prices. Veal and frying chickens quote higher on shorter supplies.

Dairy lines like groceries are generally steady, eggs firming at wholesale but little changed at retail.

Specific U of I value items for the week ending May 17 include: Meats—pork, beef and lamb roasts, chops; produce—sweetcorn, cucumbers, tomatoes, onions, spinach, acorn squash; dairy—eggs, butter, ice cream.

Business Office Moved

Telephone subscribers in Antioch and vicinity will now be able to carry on business transactions in a new office located on the first floor front of the old Wilton residence, 970 Victoria St., according to E. L. Simpson, district manager of Illinois Bell Telephone Company.

Orders for service, payment of bills and other business matters will be handled at the new address more efficiently because of increased space. The move will also provide more space in the central office. Simpson said today that the move will make room for future installation of more equipment at the central office, and that the central office building would be devoted entirely to service operation.

Jim McMillen Assistant

Chief Fire Department

James McMillen was named assistant chief of the Antioch Fire Department at a regular meeting held Tuesday evening at the fire station. McMillen's appointment was the first made by Clete Vos, who assumed the office of chief at the meeting. Other appointments were not made at the meeting.

Lou Van Patten, retiring chief, touched on the history of the department in his talk before handing the chief's badge to Vos, and mentioned that among achievements of the department were facts that it was the first in a village of this size to have motorized equipment, that it was the first to have a truck solely for carrying water to fires away from water supply and that it was instrumental in forming the fire prevention district. He also thanked the members for the splendid co-operation which had been extended to him while he was chief and expressed the hope that the same would be given the new chief.

Clarence Shultz, secretary, reported that the department is now up to full strength of 35 active members.

After the business meeting, lunch was served.

The annual Lion's Club golf tournament will be held Monday afternoon, May 27, at the Chain O' Lakes Country Club. As this is always a big event, plans are being made to accommodate a large part of the club's 100 members. Prizes will be furnished for the best golfers.

One hundred ladies of the Home Bureau, Grayslake, attended a luncheon at the Home Arts Guild, Chicago, Monday. Antioch Unit was represented by ten members. Mrs. Robert Hess and Mrs. George Peterson were among those interviewed by Cliff Johnson, of WBBM Station on "Meet the Missus Program."

The Antioch Township High School has made tentative plans to sponsor a summer recreational program for adults, in order to make full use of the lighted athletic field. Plans include provisions for croquet, horseshoe, tennis and volleyball, with other games to be given consideration if enough interested persons can be found. A custodian for the equipment and handling the lights will be provided, and reservations may be made for use of the tennis court.

L. O. Bright, principal of Antioch Twp. High School, and seven of the nine members of the faculty have signed their contracts to return next year, according to Mrs. Lester Osmond, secretary of the School Board. The seven members of the faculty who will return are Miss Alice Hackett, Mrs. Roger Dardenne, Mrs. Ruby Rich, Miss Cornelia Roberts, H. H. Riechers, Miss Helen Curran and Hans Von Holwede.

It is not yet known whether C. L. Kutil, vocational agriculture instructor now on leave of absence, will be sufficiently improved in health to return. Whether Gerald Reed, athletic instructor, will return is not definitely known.

Contracts were returned to the board before the meeting held last Saturday at the High School. It was decided that night to have some repair work done in the girls' restroom and to have the tennis courts made ready for play.

The plate glass window in the Crown Plumbing Shop was smashed Monday afternoon, when a car driven by Gertrude Rothers went up over the curb crashing into the front of the store. H. J. Brogan, village police officer, states that Miss Rothers passed him a few minutes before the accident and that she was driving at a moderate speed. Miss Rothers and the girl with her were not injured, and the car was not damaged except for a front light which was smashed.

Examinations for eighth grade students will be given in the township next Friday at Antioch Township High School by W. C. Petty, county superintendent of schools. Students at Antioch Grade School have been taking their exams under Ralph E. Clabaugh, principal.

Present estimates set 50 as the

number of eighth grade students in Antioch township who will graduate this spring. About 20 of these students will be from Antioch Grade School, according to Mr. Clabaugh.

Exercises will be held at the high school auditorium Friday evening, May 27.

Wayne King and his famous orchestra will play at the opening of the new Lake Geneva Pier-Riviera Ballroom Monday, May 27.

The new building, costing thousands of dollars, is built on Lake Geneva's public beach, and is one of the finest pier buildings in the Middle West. King's orchestra will appear for the one night only, next Monday.

Mr. and Mrs. Roy Kufalk and family left last Saturday for a two weeks vacation which they will spend in Iowa visiting friends.

Fox River Floods

The heavy rainfall of the past few weeks brought the river waters up to flood levels of 1925 and did much harm to fields adjoining the flooded areas where crops had been planted or farmers were waiting to cultivate the ground. The water did not reach previous marks of 1905, fortunately.

Water seeped into many of the basements in the village and is still over the Trevor road at Valmar for about a block. The water level has been sinking rapidly since the first of the week and the fishermen have come into their own. Carp are very plentiful and men have speared them in the sloughs by the wagon load. A few game fish are being caught by hook and line.
